I'M EQUIPPED

POST-SERVICE PAUSE

Take a moment with you and your family in the upcoming week to make this weeks message applicable to your everyday life. Use the questions/statements below to guide your conversations. Be bold and honest with yourself.

- 1.** Has there ever been a time when you were very unprepared for something? How did that make you feel?
- 2.** Gideon was a man who had a calling of God on his life but had a hard time believing that God could use him to accomplish God's plan. He felt unequipped. Do you have a hard time walking in confidence that God has equipped you?
- 3.** Have you ever found yourself questioning a season that you have walked through or are currently in? If so, what are some ways you and/or your family can remember that God has equipped you to face every spiritual battle you may encounter?
- 4.** As we realize that God has destined us for this moment in time, how can we respond differently as Children of God to trials we may face?
